**Best time to contact**

Morning

**Signup for The Watchdog?**

No

**Short Summary**

The Town of Collingwood refuses to act under the by-law 91-17 of Collingwood to deal with wild coyotes in residential areas of Collingwood. The by-laws provide for action in dealing with the "destruction of an animal posing a threat or nuisance to inhabitants". but the Town of Collingwood and the OPP under contract with the Town of Collingwood refuse to take action. The Town of Collingwood is contravening animal control by-law 2012-016 Section 18 and by-law 82-18 as canis species such as a coyote are not permitted in Collingwood. The Town of Collingwood is allowing coyotes to be at large on public space and throughout Collingwood while endangering residents, our children, visitors to the area and our loved domestic pets.
