Mary,

I was approached and intimidated by a Collingwood officer today. I was asked to step out of a public meeting I was attending. I was labeled as an activist and protester by Officer Houghton. I am upset and insulted.

If this was a sincere outreach to work with me;

1. He could have attended my coyote concerns meeting at the library,
2. Emailed as he has access to my email;
3. Could have asked to meet me in private without singling me out in a crowd in which I was enjoying the company of another attendee of the meeting.

It is unfortunate that OPP resources are being used to intimidate me while failing to serve in the matter of coyotes concerns in our community.

I would like to register an official complaint.

Regards,  
Jeff Brown
